TAKE THE OPPORTUNITY TO TAKE CONTROL OF YOUR PRESCRIPTION PLAN

TAKE THINGS ONLINE

Create an account on express-scripts.com or the Express Scripts® mobile app.

Manage your prescription plan anytime and anywhere with an online account.
It's simple and easy to get started.

1. **Visit** express-scripts.com and select Register OR download the Express Scripts mobile app for free from your phone's app store and select Register
2. **Enter the requested information,** including your member ID or Social Security number, and create your user name and password
3. **Click or tap Register Now**

Once your account is created, you can:

- Check your order status
- View and print Digital ID cards
- Enroll in home delivery
- Refill and renew prescriptions
- Enroll eligible prescriptions in automatic refill
- Find your nearest preferred pharmacy
- Set reminders to take your medication

TAKE A SHORTER TRIP TO GET YOUR MEDS

Enroll in home delivery to get your 90-day prescriptions shipped right to your door.

Requesting to get your medications delivered to your home from Express Scripts® Pharmacy is simple and convenient.
First, log in to express-scripts.com (if you haven't already registered, make sure to have your member ID or SSN).

If you are enrolling a new prescription…

- Contact your doctor and ask them to e-prescribe a 90-day prescription directly to Express Scripts
- OR send a request by selecting "Forms" or "Forms & Cards" from the "Benefits" menu, print a mail order form and follow the mailing instructions
- OR call us at the Member Services number on your card and we'll contact your doctor for you

If you are enrolling a current prescription…

Transfer retail prescriptions to home delivery by clicking "Add to Cart" for eligible prescriptions and check out.
You can also refill and renew prescriptions.
We'll contact your doctor and take care of the rest.

Check Order Status to track the shipping of your prescriptions. After we receive your prescription from your doctor, you will receive your medication within 7 days.[1]

TAKE A BREAK FROM BRAND NAMES

Ask about switching to a generic medication to save money on your prescriptions.

By not looking for the best deal on your prescription drugs, you may end up paying more than you should for your medications.

The easiest—and safest—way to save money on prescriptions is to ask for a generic, which typically costs less because the manufacturer did not have to conduct the initial research or studies that the branded drug did.

Generics fall into two categories:

Direct chemical equivalent – a drug that has the same active ingredient as its brand-name counterpart

Therapeutic alternative – a drug that may not be chemically equivalent to the brand, but has the same therapeutic or treatment effect

Direct chemical equivalents are practically identical to the branded drug, while therapeutic alternatives are part of the same family.

Is there a generic for your medication? You can ask…

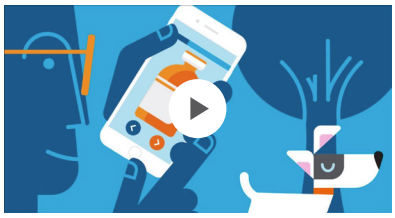

Your health care provider. Check with your doctor or nurse if there's a generic for any medication you're prescribed.

Your pharmacist. Before getting a prescription filled, refilled or renewed, ask your pharmacist if there's a generic alternative.

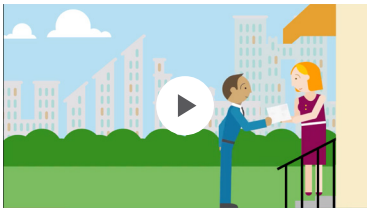

Express Scripts. You can review your prescriptions and specific generics savings opportunities at express-scripts.com.

DID YOU KNOW

FDA approved generics must adhere to strict guidelines and are the same as a brand-name medication in dosage, safety, effectiveness, strength, stability and quality.

Pay less for select specialty medications

By completing the copay assistance enrollment process and consenting to account monitoring

Specialty medications can cost a lot of money. That's why your plan offers a copay assistance benefit administered by SaveOnSP, which can help you lower your out-of-pocket costs.

Let SaveOnSP help you save money.

Nearly 400 specialty medications are eligible for this plan benefit.[1] If you're filling an eligible medication, a representative from SaveOnSP will contact you to complete your copay assistance program's enrollment process and arrange for the monitoring of your account.

You'll pay a reduced cost for your medication after enrolling and consenting to SaveOnSP monitoring your pharmacy account. If you choose not to participate in the plan benefit, you'll pay a higher coinsurance when you fill your medication.

Conditions covered by manufacturer copay assistance programs include, but are not limited to:

+ Hepatitis C
+ Multiple sclerosis
+ Psoriasis
+ Inflammatory bowel disease
+ Rheumatoid arthritis
+ Cancer

Here's an example of how it works.[2]

Download our mobile app

John's taking a specialty medication that's eligible for the copay assistance benefit. His copay is currently $70. His new coinsurance will be $1,150.

When John participates in the plan benefit, he may pay a reduced cost out of pocket.

He will work with SaveOnSP to enroll in the manufacturer copay assistance program, and he'll consent to SaveOnSP monitoring his account.

If John decides not to participate in the plan benefit, he'll pay his full coinsurance of $1,150 out of pocket.

1. The drug classes and medications included are subject to change. Check your plan materials to see which medications SaveOnSP supports.
